## Saab 9-5 5D

### Cargo net

Accessories Part No.	Group	Date	Instruction Part No.	Replaces
32 025 572	9:89-27	Jan 05	32 025 571	

E980A496

### Installation behind rear seat backrest

#### **WARNING**

The load in the luggage compartment must be secured firmly even if the cargo net is correctly fitted. The only purpose of the cargo net is to prevent **light** objects from being thrown forward in the cabin in the event of sudden braking or a collision.

- 1 Remove the rear covers in the roof.
- 2 Fit the cargo net's upper mountings in the two attachment points in the roof.
- 3 Fit an attachment eye furthest in into the two aluminium rails in the floor. Secure the cargo net's hooks into them. Tension the straps.

### Fitting behind the front seats when the whole rear seat is lowered

#### **⚠ WARNING**

The load in the luggage compartment must be secured firmly even if the cargo net is correctly fitted. The only purpose of the cargo net is to prevent **light** objects from being thrown forward in the cabin in the event of sudden braking or a collision.

- 1 Remove the front covers in the roof.
- 2 Fit the cargo net's upper mountings in the two attachment points in the roof.
- 3 Fit the cargo net's lower mountings in accordance with the following:
  - a **Cars with manually controlled front seats:** Secure the hooks into the two outer eyes which are at the back of the front seat rails down at the floor. To locate the eyes on the seats, see illustration.
  - b **Cars with electrically controlled front seats:** Fit the straps around the tube which runs across the rear edge of the seats and secure the hooks in the eye on the strap.
